

Lyme Vaccine Clinics: Fall 2019 Dates

We are scheduling our **Fall 2019 Lyme Clinics**. The goal is to get your horse vaccinated **before** the Fall rise in tick numbers looking to get a good blood meal before winter. Vaccination is recommended every 6 months.

The dates are:

Friday, Saturday and Sunday, August 23, 24 & 25th.

Saturday, Sunday & Monday, September 14, 15, & 16th.

Cost remains the same at \$41/horse with a reduced farm call of \$10/owner, payable in advance or at the time of vaccination.

Very importantly, please let us know (by phone or by email) what days/times absolutely won't work for you as the clinic is scheduled by area. And, of course, let us know what days/times would be best for you; we will try our best to accommodate all. **The sooner we hear back, the sooner we can get the schedule organized.**

We will call (&/or email) you by the beginning of the week of August 19 with date and estimated time for your horse(s). Of course, **the sooner** we hear back from you, the sooner we can get back to you with the schedule. If you have any questions about the clinic, don't hesitate to call us.
